# CIP200

A High-performance, Full Color, Easy-to-use Expansion Module

The ClearlyIP CIP200 Expansion Module is a cost-effective call handling solution for phone attendants, receptionists, administrative staff, and other dispatchers who manage high call volumes on a regular basis.

The CIP200 expansion module delivers single-button access to contacts/extensions and maximizes productivity of the telephone attendant by efficiently dispatching inbound calls.

The CIP200 Expansion Module was designed for busy answering positions. The CIP200 is compatible with CIP270 and CIP270v2 IP phones. Featuring a large 160x320 color LCD display with 2 pages of 20 programmable hard keys delivering up to 40 programmable features. Daisy chain up to 4 CIP200 expansion modules to a single CIP270 or CIP270v2 phone.

Highlights

» 20 Programmable Hard Keys for Up to 40 Programmable Features

» Daisy Chain up to 4 CIP200 Expansion Modules for 160 programmable keys

» Compatible with CIP270 and CIP270v2 phones

» 160x320 Pixel Color LCD

CIP200 FEATURES

» **Cost-effective Call Handling**
The CIP200 Expansion Module provides cost-effective call handling capabilities using directory screens that simplifies monitoring/dispatching of a high number of static contacts

» **Ease of Use**
Bi-color LEDs offer flexible and intuitive call visualization matching the CIP270 and CIP270v2 IP phones.

» **Increase Productivity**
Maximizes the efficiency of the telephone attendant by easily dispatching inbound calls with single button access.

» **Full Color LCD Display**
Full color display matches the CIP270 and CIP270v2 IP phones, creating sharp easy to read text and graphics.

» **Expand Your Investment**
Support to daisy chain up to 6 expansion modules together onto a single phone.

» **Simplify Operations**
20 Feature Keys with LEDs and 2 pages for a total of 40 programmable buttons
